Education

VNU University of Engineering and Technology
Bachelor of Information Technology: GPA: 3.17/4.

Expected Graduation: June 2028

Project

Arkanoid

Oct 12, 2025

Role and Responsibilities (Group Project):

- Position: Team Leader.
- Led the development team by delegating tasks, resolving Git merge conflicts, and assisting members with code optimization and bug fixing.
- Achieved a perfect score for the final project evaluation.

Technical Implementation:

- Developed a complete Arkanoid game clone featuring ball-paddle mechanics, brick collisions, levels, and a scoring system.
- Applied Object-Oriented Programming (OOP) and design patterns such as Singleton and Factory Method for a modular and extensible architecture.
- Utilized multithreading and optimized algorithms to enhance game performance and responsiveness.
- Followed clean code practices and Java coding conventions, ensuring readability and easy maintenance.
- Ensured reliability through JUnit testing with over 90% class coverage.
- Technologies: Java, JavaFX, Maven, Git.

Automated Classroom Attendance System

Jan 2026

- Real-world deployed system used to automate student attendance tracking at school doors.
- Replaced manual counting with a computer vision pipeline using ArcFace and Cosine Similarity.
- Engineered ROI-based filtering and frame-skipping optimization to run efficiently on standard hardware.
- Implemented logic to distinguish unique entries from re-entries, preventing data duplication.
- Technologies: Python, OpenCV, InsightFace, NumPy.

Personal website

Sep 23, 2023

mousecm.github.io/mousecm/

- The website includes basic information about me.
- My Journey to Becoming a Software Engineer.
- Technologies: HTML, CSS.

Achievements

Competitive programming Award

- First prize in Informatics in the city-level excellent student competition (2022).
- Third prize in Informatics in the city-level excellent student competition (2023).
- Top 8.6% (2882/33261) in Leetcode Biweekly Contest 149.
- Top 7.3% (2038/27685) in Leetcode Weekly Contest 435.

Certificate

- IELTS Academic (6.5).

Technical Skills

- **Programming languages:** C++, Python, Java.
- **Tool:** Git, Google Colab, VS Code.
- **Database:** MySQL.
- **Operating Systems:** MacOS, Windows, Linux.
